DETAILED ACTION

1. In view of amendment filed July 31, 2006, claims 2, 11 have been cancelled. Claims 1, 3-10, 12-33 are pending. Claims 7, 16-21, and 25-33 are drawn to non-elected subject matter. Claims 1, 3-6, 8-10, 12-15 and 22-24 are examined with merit.
2. In view of the cancellation of claim 11, the rejection of Claim 11 under 35 U.S.C. 103(a) as being unpatentable over Levy (US Pat. 3,875,090) is withdrawn.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim Rejections - 35 USC § 103

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

Art Unit: 1713

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 1, 3-6, 8-10, 12-15 and 22-24 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Levy (US Pat. 3,875,090) for the reasons adequately set forth from paragraph 6 of the office action issued on March 14, 2006.

Applicant's arguments filed July 31, 2006 have been fully considered but they are not persuasive. Applicants argue that claims 1, 3-6, 8-10, 12-15 and 22-24 are allowable because Levy in claim 1 fails to disclose the amount of functional polymer as claimed. However, applicants fail to recognize that Levy (col. 12, line 50-59) discloses a coating composition that can be considered "a primer" and it contains 12.5 weight percent of the functional polymer as claimed. Therefore, the rejection of Claims 1, 3-6, 8-10, 12-15 and 22-24 is maintained.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1713

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
